Services and Programs

Good Neighbor Award

Held annually, the Good Neighbor Awards recognize the ongoing efforts of Rockville residents who are making exceptional contributions to improve the quality of life in our neighborhoods. Nominations are accepted all year.

Human Rights and Community Mediation

This program is designed to assist in resolving conflicts that arise in our community. Mediation sessions may involve disputes between neighbors, roommates, co-workers, a patron and business, and organizations. This program also handles allegations of discrimination and Americans with Disabilities concerns in the City of Rockville.

Rockville's Organizing Communities and Neighborhoods (ROC-N)

Through the ROC-N Matching Grant Program, the City of Rockville may provide monetary assistance to support neighborhood associations with projects, actions and initiatives in their communities.

Neighborhood Network Learning Series Workshops

These open community meetings provide opportunities for networking, leadership training, and information sharing among our neighborhoods and improve the City's ability to work constructively with neighborhood associations.

Rockville University

A free, six-week citizen awareness program, Rock-U teaches Rockville residents about the city's history, its government, and its neighborhoods. Through staff briefings, tours and a project, participants learn about local government and develop skills to get involved in the community.

Rockville University Junior

A free, six-week citizen awareness program for teens, Rock-U Jr. teaches students in grades 10-12 about Rockville's history, its government, and how to make a difference in the community. Through dynamic interaction with staff, tours and a fun project, participants develop an understanding of local government, services and opportunities to influence the community.
